DOKWIFI FLEET TRACKING MANAGEMENT SOLUTIONS

EQUIPPED WITH ALL RECENT COMMON ALARM INCIDENTS

The screenshot displays the dwisTMS web application interface. At the top, a navigation bar includes icons for Map, Live, Track, Record, Maintenance, Reports, Manage, Rules, and Polling Center. Below this, a filter bar shows 'All 5' incidents, with sub-filters for 'Last Minute 0', 'Last Five Minutes 0', and 'Uncompleted and Unresolved 5'. A search bar and 'resetting' button are also present.

The main content area is divided into a left sidebar with alarm categories (e.g., Driver Assistance, Blind Spot Monitoring, Driver Behavior Monitoring, Aggressive Driving, General Alarms, Zone Alarm, Driver recognition, Peripheral devices, IO Alarm Statistics, Super Capacitor) and a central table of incidents. The table has columns for ID, Alarm, Level, Number, and Alarm Details. One incident is visible: ID 1, Alarm 'GNSS Antenna Short Cir...', Level 0, and Number 0.

An 'Alarm details' modal window is open, showing a list of alarm types with their respective counts, all currently at 0. The 'Fuel Theft' entry is highlighted in yellow. A red box highlights the following items in the list:

- Low temperature alarm 0
- High temperature alarm 0
- Fuel Theft 0
- The oil level is too low 0
- The tire pressure is too low 0
- The tire pressure is too high 0
- The tire temperature is too low 0
- The tire temperature is too high 0

At the bottom of the interface, a status bar shows 'Welcome: devmaster version: V5.0.3 Authorized quantity: 10000' and a pagination control for 20 items per page.

COMMAND CENTER PATROL MONITORING WITH SPECIFIC AND GENERIC VEHICLE DISPLAY MANAGEMENT

The screenshot displays the dwisTMS web application interface. At the top, there is a navigation bar with the following menu items: Map, Live, Track, Record, Maintenance, Reports, Manage, Rules, and Polling Center. Below the navigation bar is a breadcrumb trail: Map > Vehicle > User > Company > Live > Track > ADAS > Driver management > Role management > Text Command > Record > Normal Alarm > DSM > SDA > IO Alarm Statistics > BSD > System Configuration > Server Management > User Transfer. The main content area features a 'Plate No.' field with the value '16270249489' and three buttons: 'Open', 'Previous', and 'Next'. To the right of these buttons is a 'Settings' button with a gear icon. The main display area is divided into four quadrants, each showing a blue background with a faint world map. At the bottom of the interface, there is a status bar with the following text: 'Welcome: devmaster version: V5.0.3 Authorized quantity: 10000 Total number of devices: 1 Online quantity: 1' on the left and 'login time: 2026-03-28 18:28:05' on the right.
